# "Your Service Is The Definition Of Excellence -- From Beginning To End. Your Communication Was *Brilliant*."

Peter and I would like to thank you heaps for transforming our backyard. Your service is the definition of excellence - from beginning to end.

Neat, good workmanship, personable staff - everything. What did we appreciate the most? Hard to say - naturally we are delighted with the product, but your communication was brilliant.

We knew at every point about potential problems and we were provided with alternatives to achieve the desired result. We would be very happy to provide verbal references and we would also be happy to allow potential customers to view the structures.

No wonder you are busy. We'd recommend you all without reservation. All of you were great and we appreciated it. Nice to find a group of people so dedicated to providing a "good job". Well done. Keep it up.

All the best,

## "We Were Impressed With Our Whole Project. And We Will Not Hesitate In Recommending Your Company."

Both Nida and I was impressed with our whole project. From our first interview and quote from the Pergolas R Us team.

Followed by the team who erected our back verandah in a most professional tradesman's manner.

A few days later, your plumber came to finish off his work.

Overall, we are both very pleased and will not hesitate recommending your company.

Many thanks.

To all "the crew" - an excellent job.

You were the only company that listened to our requirements and produced a verandah plan to meet those.

It looks tremendous - much better than we'd hoped and with two young children, I'm sure it'll see many years of constant use.

Many, many thanks...

I couldn't have been happier with either your service or the end result.

From the initial phone call, through to meeting sales personnel and tradesmen, the service was very professional.

I always felt confident in what was being done and that the end result would be just what we were after.

It was finished in good time, with no delay between stages.

I wouldn't hesitate to recommend you to others.

Thanks,
